18 August 1965

947164

Dear Dick,

I am a new member of the family now and have been designated "Technical Representative of the Contracting Officer with authority to perform certain functions under Contract [redacted]

[redacted] Up to this time Wil has acted in this capacity.

I hope to visit you in company with Wil in the near future. Wil is away for a week, otherwise he probably would have written this letter outlining some of the changes. I will be concerned primarily with the administrative matters connected with [redacted] and its projects. Technical liaison will still be conducted by assigned technicians from our shop.

Outstanding PAR's will now be assigned as follows (note that there are few changes):

Paul: PAR 217, 233

Dick: PAR 212

Russ: PAR 211

Wil: PARs 202/224, 207, 213, 214, 215

Wil and I are tentatively planning to arrive [redacted] Monday afternoon 30 August to be with you on Tuesday and Wednesday, departing that evening. We hope to hear from you and others there concerning your nine suggested items of April (including a follow-on from PAR 203) and two other items mentioned by Ed during his 11 August visit; these are: (1) further development of 10-20-BOX Enlarger on the basis of using new techniques developed under PAR 202; and (2) recommendations for disposition of the Turn Around Printer (not connected with [redacted]). Let me know if these dates are okay. I'm looking forward to our meeting.

BOYD
